Availability and scheduling

Booking and payment

Request a package at class27ers.org/sponsor. The team reviews your content and confirms price, available dates and payment instructions in writing. Payment must be received and confirmed before publication. A request does not reserve a place or charge you. The website does not collect card details. No separate setup fee or automatic renewal; any applicable tax is disclosed before payment.

Expectations and refunds

Content must be accurate and appropriate for a student community. Paid placement does not imply a 27ERS endorsement. Views, clicks, traffic, sales and signups are not guaranteed. Social posts, custom artwork and extra placements require a separate agreement.

Cancel before the scheduled start for a full refund. After launch, fees are nonrefundable except for undelivered placement time, refunded proportionally. If the agreed placement cannot be delivered, the team will offer revised dates or a refund for undelivered time. Renewal requires a new written agreement.
